Turbo Cooling Fan

Large LED Dot Matrix shows Track or Workout Profile

Easy-Touch Buttons

LED Heart Rate Indicator Bar

Integrated Reading Rack

Cargo Holder for Cell Phone, MP3 Player, or Keys

Easy-to-read Message Center with Workout Feedback

The **CE800** console is easy to use and boasts ample easy-to-read motivational information. A quick touch of the fan button and your clients will be cooled by a turbo powered fan.

Touch the upper "Display" button to view the workout in either a Track or Workout profile on the large LED Matrix. There are 10 different programs to keep the user motivated, from Heart Rate to Strength to Fat Burn; most have 40 resistance levels. The **CE800** features a Fit Test program, or the user can simply push "Start" and begin their workout. A convenient cargo holder offers storage for a cell phone or room keys.

The **CE800** console is also used on the **CR800** Semi-Recumbent Bike and the **CU800** Upright Bike. This makes it easy for clients to vary their workouts on different machines and help them achieve their fitness goals.
