43" class (42.51" diagonal)

The UX340H is LG's first Commercial TV for the hospitality industry that supports UHD/4K resolution. When paired with a Set Top Box, the UX340H upscales the HDMI input signal to UHD picture quality while touting a sleek industrial design with an elegant ribbon stand.

FEATURES

4K UPSCALER

The 4K Upscaler automatically upgrades Full HD content to ULTRA HD through six steps of upscaling processes via HDMI input.

TRIPLE XD ENGINE

LG's Triple XD Engine brings the ultimate level of excellence in color, contrast, and clarity for the best picture quality and performance

IPS 4K WIDE VIEWING ANGLE

One of the secrets behind LG TVs outstanding viewing experience is the specially designed TV panel. IPS 4K delivers true color from any angle with 4 times the resolution of Full HD. With IPS 4K, every seat has the perfect viewing angle.

ULTRA HDTV

A new standard of high definition raises the viewing experience higher than ever. 4K resolution is the future of digital picture, possessing a resolution 4x that of Full HD, with stunning 8.3 million pixels for a flawless picture and incredibly vivid detail.

FULL HD

ULTRA HDTV

VIRTUAL SURROUND

Virtual Surround delivers a high quality listening experience that seems to surround you from every direction.

PRIME DESIGN & SOUND

Enrich hotel rooms' décor with the ULTRA Slim, dual metal design. Fill the atmosphere with Virtual Surround sound that will encompass the room with a high quality listening experience.

Welcome guests with a warm greeting message that includes your hotel name and logo.

* MP4, AVI, MOV, TP, WMA, TS ETC.

Allows you to connect interactive set top boxes or media players enabling you to control and manage your TV via RS232C cable.

Enables service engineers to recognize technical issues in a TV quickly and easily through a USB stick. The TV stores technical issues encountered and deliver them to a USB device. Service engineers use this information to analyze technical issues instead of visiting sites.
